

CAROL BARWICK

Corporate Training Testimonials

"Working with Carol for over 3 years has enabled us to offer high quality CPD we would struggle to source elsewhere. Carol is extremely professional, fair and honest. She has given us a fantastic platform to build the skills and knowledge of our staff who could not praise the training highly enough and often request her return."

New College Durham

"All those who attended your resilience training at our Autumn Conference were extremely complimentary and talked all week about the impact it had on them! Everyone loved the demonstrations and exercises, which were extremely effective."

Northumberland County Council

"Carol delivered Managing Transition workshops for 45 managers. She took time to understand current issues and structured the workshops to give them techniques and tools to guide them through this period. Carol really made a positive difference. The evaluations were full of praise, saying the techniques would help them both at home and in their private lives."

Derwentside Homes

"Thank you for our recent management programme. Your style and enthusiasm are infectious to the audience and your skill and experience are in my opinion second to none. You apply academic learning with hypnotic powers of persuasion and cross link it to the wellbeing of the body. The overall programme captured the slightest marginal gains for managers taking their performance, effectiveness and efficiency to new levels."

J T Dove Limited

"Thank you for the Conflict Management training. The content was engaging, relevant and specific to our requirements. We were impressed with the delivery. The sessions were made 'live' for the delegates, whilst being sympathetic to such a sensitive subject. "

Darlington Borough Council

CAROL BARWICK

Corporate Training Testimonials

"We have worked with Carol's team who are experienced, professional and approachable since 2009. The quality of service and standard of delivery are consistently high. The Stress & Resilience element of the recent Level 3 Management Programme was so well received we are extending it. Feedback from all events has been excellent."

ZF TRW

"A fantastic, highly effective workshop aimed at enhancing a main priority, our customer experience. I really appreciate the time taken to understand current issues and investigate what success would look like for the team and customers. It received top marks. Carol gave everyone a range of tools they could deploy, making a real, positive difference to our customer".

Northern Powergrid

"Carol's approach is to get to understand the need for change, and level of commitment to change, before she works her magic with almost immediate results. We are delighted to have engaged her services on a regular basis."
